Sanofi-Aventis pulls Heath Ledger Ambien Ads

French mega-pharmaceutical Sanofi-Aventis' president Jean-Francois Dehecq announced it would pull it's new Heath Ledger advertisements, it was reported late Tuesday.

"Given the uncertain circumstances surrounding Ledger's death, we feel it inappropriate to continue our, '...Really, really, really need to sleep' campaign", Dehecq stated.

"We extend our deepest French sympathies to Ledger, his family, his child, and gay cowboys everywhere."

Not funny.

Anonymous on Jan 22 2008, 22:13

Haha yeah, it is.

I do agree that its a bit rash in retrospect since hes just passed and all....

Anonymous on Jan 22 2008, 22:35

Yeah, very rash. I don't think we saw jokes like this about Marilyn Monroe until at least a couple of decades after her death.

Anonymous on Jan 22 2008, 23:58

Oh how terribly amusing-not. This is so not funny and I don't mean out of respect to the dead either. It is not funny because it is not funny. It is annoying because someone thinks it is funny. There are so many not funny people who say not funny things who think that they are funny. I find it depressing that someone has gone to so much trouble to be not funny. After I got over my confusion, I felt bored and depressed which isn't funny at all. In fact it is very not funny.

LMAO!!! This is Anna Nicole all over again.

Anonymous on Jan 23 2008, 00:02

i am about 100% positive someone was joking about it after her death. you just dont see it because the brilliance of the internet lies in the anonymity of it all and if you give someone the sense of being anonymous, then you will see that person say things they wouldnt if people had a face and a voice to associate it with.

heath ledger's death is all part of a viral campaign for the new batman movie. promotions for the dark knight have included coordinates to places in america to meet up for special gatherings for the film and defaced websites and the usual ARP related games. this is no different. when the film is released, the joker's biggest prank of all will be revealed and he will indeed laugh at the fools who believed this.

Ricardo, I am sorry that you don't think I am funny. If it makes you feel any better, I didn't go through "so much trouble". If you look at the rest of the website you can probably tell that I spend less time on my graphics than Perez Hilton and the articles seem to be written by a handicapped mail clerk. I'm a simple guy who loves to hear from people like you who take themselves and this whole crazy culture we live in so seriously. Can you feel me Ricardo? Can you feel me inside you Ricardo? Why can't I quit you Ricardo?

Anonymous on Jan 23 2008, 00:21

Oh well, that's sorted that out. But what do you mean by "this whole crazy culture"? What is that?

Anonymous on Jan 24 2008, 04:04

Ahhh...it's a joke people. Lighten up. The Onion was cracking jokes about 9/11 3 days after it happened and as sad as it is, Heath Ledger dying isn't quite that big of a tragedy as 9/11 or events like that.
Some people (like me) enjoy humor as a coping device. If it offends you...oh well.
Anonymous on Jan 24 2008, 07:35

I bet the drug company that makes Ambien is having a meltdown. Dust to Dust.
Anonymous on Jan 24 2008, 07:37

firstly, the comments on this page that you probably won't understand are in Turkish, and they are all lame. like this 'joke'. secondly, any death is a tragedy. there's no saying "Heath Ledger's death is less of a tragedy than 9/11" and thinking you actually made a good point, because it's such a stupid thing to say. thirdly, making fun of people's way of death on the Internet won't get you easier access to pussies, gentlemen. if you could just see that...
Anonymous on Jan 24 2008, 18:23

"easier access to pussies, gentlemen" Firstly... Secondly....Thirdly should read"I am a supreme dipstick"

AMBIENOUTRAGE.COM

My name is Devin and my penis is really really small. I blame everyone else for my problems and have deep pockets. After sleep driving and crashing on Ambien, I was given a DUI. I've started an Ambien victims database which is totally lame because every drug has side effects and it is not a plot or conspiracy by the drug companies to have me arrested for DUI. If you've been injured in any way by Ambien or would like to join my Devin has a tiny penis club please contact me: 435-668-7050 or devindove@yahoo.com, or go to the website www.ambienoutrage.com.

Also a really nice photo of my blog spamming ass can be viewed at
